2. Year 9+ Annual reviews
3. Careers, Information, Advice and Guidance
4. Post 16 Options
5. Preparation for Adulthood: LBB Development and Workstream

11:25am – 11:40am: Break

11:40am – 11:55am: Q&A

11:55am: Close

This is an event for families, carers and voluntary sector representatives to look at the process, thresholds, options and choices available to young people moving into Adulthood who have Health and/or social care needs.

The plan is to have workshops quarterly themed to address issues raised by Families, Carers and Clients.

Following the first engagement event for parents and carers held on 26 November 2024, it was clear that EHCP was a shared area of concern so this first workshop will be themed to address this.

For future workshops we will be informed by the needs raised by parents, carers and the young people themselves.

Regards

Douglas Maitland-Jones

Head of Mental Health & Head of Learning Disability Services
